Message From The President.....	4
A Year in Review.....	6
Honor Roll of Donors	10

In each President's Report, we pause to reflect upon the year that ended so that we may consider our accomplishments and acknowledge our blessings. Moments of thoughtful reflection are very hard to find in these busy days, but they are exceedingly important. Just as important is the promise we've made to our students, alumni and other constituents that provides the foundation for the work we do. "The Promise of a Limitless Future" is more than just our tagline. It is our guiding principal and is reflected in our contemplation, work and aspirations for all of our students. We cannot thank our benefactors enough for helping us to realize the promise.

With the help of our Board of Trustees, our alumni and friends of the University, we have made significant campus improvements. We understand that the "look" of the campus is reflective of our pride and belief in it. In order to help assure the future, we are focusing intently on sound financial management. But that is not enough. As a small, private HBCU we do not enjoy the huge endowment incomes to which some other institutions are privy. Over 95 percent of our students are dependent on financial aid in order to pursue their education. We do not have a long tradition of committed alumni giving. **But we are creating that tradition now.** We are changing the way we think and act regarding the practice of philanthropy. We are focusing our efforts on funding scholarships, and building an endowment that will sustain the legacy of Virginia Union. We are reaching out to our alumni,

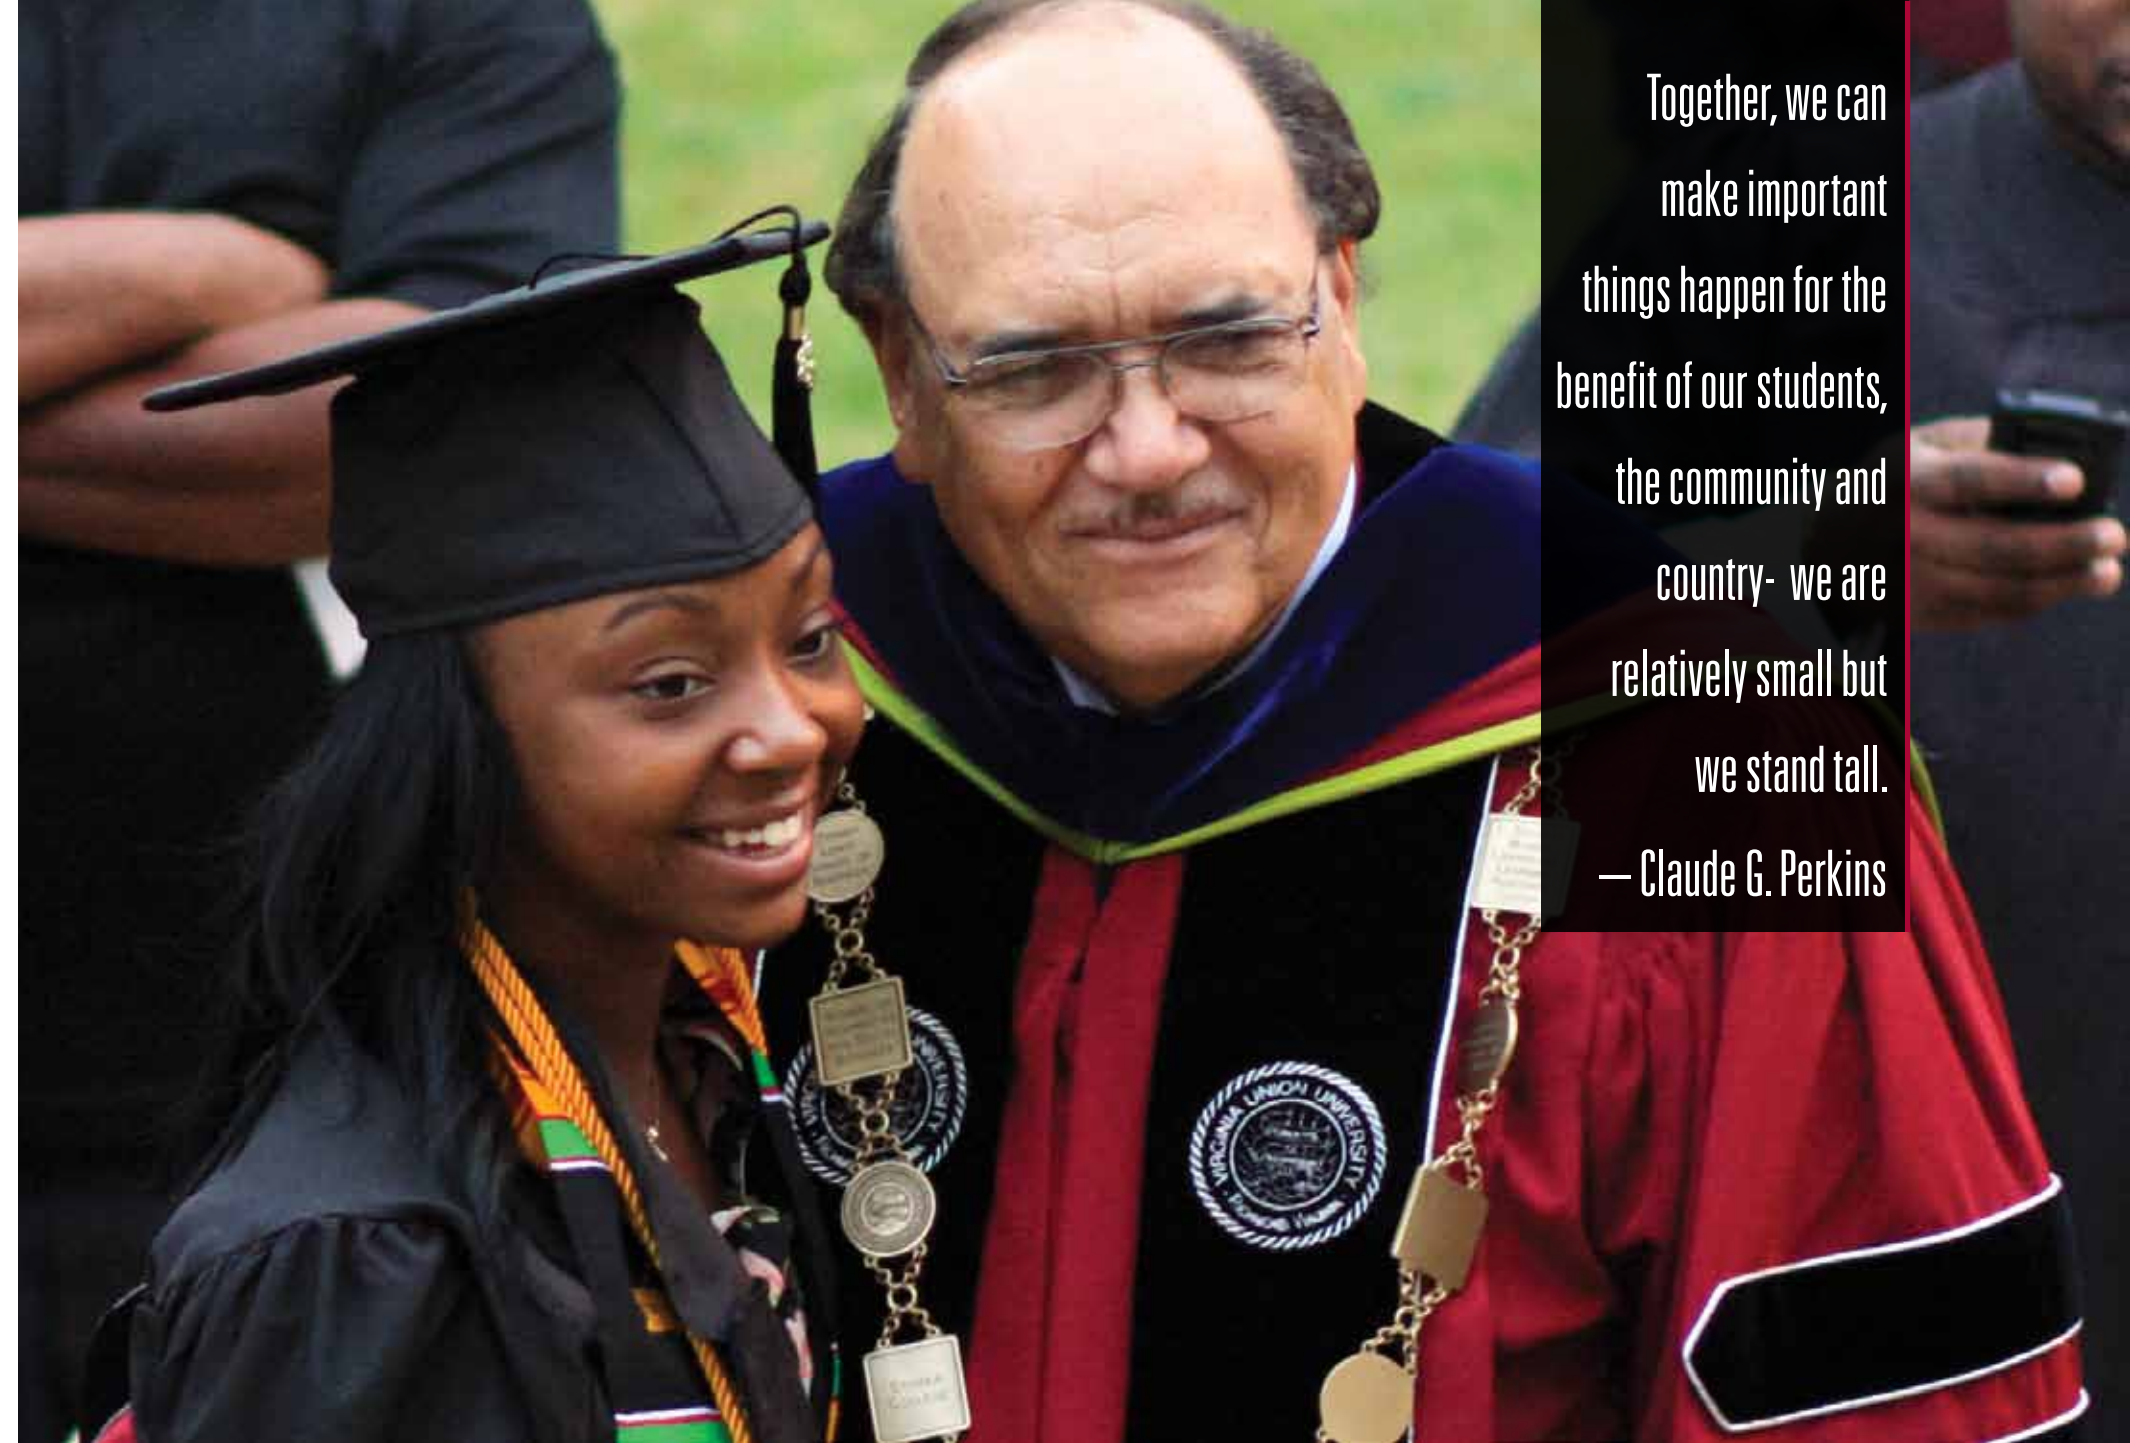

friends, foundations, corporations and the faith community so that they reach not only into their hearts when they think about VUU, but also into their pockets.

Virginia Union is adapting. We are showing our flexibility in being able to change with these changing times. We are becoming more transparent, knowing that we must avail ourselves to our community if we want the community to be responsive to us. We will grow in excellence, reach and influence through the various endeavors we have embraced in our strategic priorities.

It is felt by the Board of Trustees, the administration, faculty and staff, and supporters that we now have a rare and excellent opportunity at this moment in time to move Virginia Union University forward. The positive campus environment and level of alumni and community support have created a window of opportunity that is unparalleled. Together, we can make important things happen for the benefit of our students, the community and country- we are relatively small but we stand tall with a large footprint in the Commonwealth of Virginia and the nation.

Thank you for your dedication, commitment and support.

Virginia Union University is a premier liberal arts, urban institution of higher education and center of excellence for the preparation of students and development of leaders for tomorrow's world.

August 2010

VUU welcomed 516 freshmen to the campus – 284 young ladies, 232 young men.

September 2010

Dr. Claude Grandford Perkins became the 12th President of Virginia Union University at an installation ceremony which was the culmination of a week-long celebration. Perkins said in his inaugural address, "My life has been devoted to helping young people find their place in this world..."

October 2010

Homecoming 2010 drew thousands of alumni and friends of the University to the campus! From the parade to the step show to the football game, a good time was had by all!

November 2010

Virginia Union University hosted Madam Ellen Johnson Sirleaf, President of Liberia on November 7, 2010 at a celebration of worship, in Coburn Hall. Johnson-Sirleaf is the first woman to be elected President of any African country. At the worship service, she was introduced to VUU's oldest alumnus, Mr. Wesley T. Carter, '29, who descends from Liberia.

December 2010

The Kappa Eta Chapter of Alpha Kappa Mu Honor Society was re-established. Alpha Kappa Mu is a general scholarship honor society open to junior and senior men and women in all academic areas. Twenty-four students were inducted.

The University Choir held its annual Winter Concert with a capacity crowd in attendance in Coburn Hall.

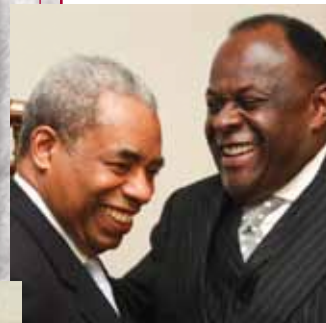

January 2011

The Zeta Chapter of Beta Kappa Chi National Scientific Honor Society, which encourages and advances scientific education through original investigation, the dissemination of scientific knowledge, and the stimulation of high scholarship in pure and applied science was re-activated. Nine students were inducted.

February 2011

Dr. W. Franklyn Richardson '79, was installed as Chairman of the Virginia Union University Board of Trustees. He replaces Dr. Frank S. Royal '61, who had served as Chairman for 30 years. Said Dr. Richardson, "Virginia Union's future is bright. We have an excellent history, extremely competent faculty, an extremely dedicated Board of Trustees, a visionary, dynamic President and a blossoming student body..."

February 2011

Amidst all the excitement of the CIAA Tournament, Dr. Claude G. Perkins hosted Virginia Union's first annual CIAA President's Brunch. The Brunch was instituted to give alumni chapters in attendance at the tournament, the opportunity to mingle with each other and the President at a University-sponsored event. Music was provided by the University's jazz ensemble and the chapters in attendance donated \$12,000 in support of their alma mater.

March 2011

Major renovations were undertaken on the VUU campus- 12 classrooms were transformed into "smart classrooms" (a classroom that has an instructor station equipped with computer and audiovisual equipment); the residence halls received "facelifts", which included the installation of new floor tiles, painting and new furniture; repairs and upgrades were made to the heating, ventilation and air conditioning system in Ellison Hall; the Belgian Building was completely transformed into usable space for the Fine Arts department; extensive repairs were done to the Baptist Memorial Building; the perimeter fence surrounding the campus was extended to Wilder Library; and the President's house received landscaping upgrades, the completion of a backyard perimeter privacy fence and the installation of sod.

April 2011

Dominion Resources, one of VUU's major donors, completed a \$1 million gift to the University for student scholarships. The Dominion Educational Partnership selected VUU to receive \$40,000 for its innovative and promising collaboration between the Sydney Lewis School of Business and the Office of Career Services. The collaborative goal between the two areas was to expose students to extracurricular experiences and shared opportunities through the Six Sigma Credentialing and Enhancement Program. Out of that program students were given internships with Dominion and two received full-time job offers.

April 2011

Dr. W. Franklyn Richardson hosted the first Pastors Summit on the campus. The summit was an initial step in bringing together pastors to talk about what Virginia Union can do to help them and what they and their congregations can in turn do to help Virginia Union.

May 2011

The class of 1961 celebrated their 50 year "Golden Class" reunion at the 2011 Commencement Exercises. The class had raised (at time of printing) \$83,112 to commemorate their 50th anniversary.

May 2011

David Mims was signed by the National Football League's Kansas City Chiefs. Mims is the first Virginia Union football player to sign with an NFL team since 2004.

June 2011

The Fine Arts degree program was re-established with the introduction of 3 majors- Theatre, Music, and Visual Arts. The program is housed in the newly re-designed Belgian Building with studio space, a green room, theatre, classroom and office space for instructors.

June 2011

Through a \$200,000 grant from Mead Westvaco, the Science, Technology, Engineering and Math (STEM) Initiative operated during June and July 2011, bringing 13 incoming freshman, with plans to major in a STEM field, to the campus for a four week program. The students received financial support and were immersed in a curriculum focusing on the math and science areas (specifically calculus, biology and chemistry). Mead Westvaco's goal in funding this program is to address the under representation of minorities in the STEM disciplines.

Virginia Union University is indebted to the many investors who have graciously offered their support during the fiscal year 2010-2011.

It is with great pleasure that the University recognizes and thanks those who have made financial commitments during the year. While every effort has been made to ensure the accuracy of our investor lists, errors or omissions in this report may have occurred. Our supporters are assured of our appreciation for their generosity, and we apologize for any inaccuracies in this publication. We would appreciate having any errors brought to our attention.
