

COMPASS TEST

Fall 2011

COMPASS

Will you be joining the Panther family this fall?

Before you can sign up for classes, you must take the COMPASS Test!

COMPASS is a computer-adaptive test, which helps VUU to determine into which undergraduate math and English courses incoming students will be placed.

COMPASS is a MANDATORY test for all students.

How to take the test! **Choose the best option for YOU!**

Option 1:

**Participate in the
VUU Summer Bridge Program**

*(If you would like to participate in the program, contact
Mr. Stevie Lawrence, sllawrence@vuu.edu.
All participants will take the test on a designated day)*

Option 2:

Visit VUU during the summer

*(Planning to visit VUU during the summer?
Contact Ms. Lauren McNeill no later than 3 weeks prior to your arrival)*

Option 3:

Take the test during Freshmen Orientation

*(You will receive your testing information during Fall Check-In. The test is usually
given the day after a student checks in)*

Option 4:

Take the test at a university near you

*(If VUU is too far, find a university near you that administers the test. Set up an
appointment with that university, and let them know you would like to take the
Virginia Union University COMPASS Test. Your scores will automatically be sent to us
upon completion of the test)*

If you have any questions, please contact:

Ms. Lauren McNeill, lmcneill@vuu.edu, (804) 354-5205, 311 Ellison Hall
