

Model of Goal, Objectives, and Learning Outcomes

QEP Goal:

To improve student learning outcomes through enhancing their writing skills

Objective 1:

Identify and implement Writing Intensive (WI) courses in the undergraduate curriculum

Learning Outcome

Students enrolled in WI courses will demonstrate improvements by submitting writing samples in an electronic portfolio

Learning Outcome

There will be a 10% annual increase in the percentage of the students passing the Criterion assessment

Learning Outcome

There will be a 10% annual increase in the percentage of students passing the writing segment of the CAAP assessment

Learning Outcome

Students will produce written documents that display multi-disciplinary ideas and audiences

Objective 2:

Implement electronic tutoring programs in the VUU Writing Center

Learning Outcome

There will be a 10% annual increase in the percentage of students passing the common final exam in ENG 100, 101 & 102

Learning Outcome

There will be a 10% annual increase in the percentage of the students passing the Criterion assessment

Learning Outcome

Expressions of student satisfaction with electronic tutoring programs

Objective 3:

Construct and implement a VUU Writing-Grammar Workbook/Handbook

Learning Outcome

There will be a 10% annual increase in the percentage of students passing the common final exam in ENG 100, 101 & 102

Learning Outcome

There will be a 10% annual increase in the percentage of the students passing the Criterion assessment

Learning Outcome

There will be a 10% annual increase in the percentage of the students passing the writing segment of the CAAP assessment

Learning Outcome

Students will produce written documents that display multi-disciplinary ideas and audiences

Objective 4:

Continue faculty development sessions focusing on writing strategies to improve teacher quality which will enhance student writing abilities

Learning Outcome

Increased use of writing strategies used by faculty in the classroom

Learning Outcome

Increased performance on student post-assessments as a result of strategy implementation

Learning Outcome

Increased student and faculty satisfaction in teacher input and student performance
