Institution Summary

Virginia Union University (VUU) is one of the nation's oldest Historically Black Colleges and Universities (HBCUs) since 1865 academic institutions offering a cadre of highly skilled experts with experience in environmental, logistical communication, data analytics, and business management. VUU has used its multidisciplinary platform offering technical and research services to both the public and private sector as well as state and federal agencies to actively engage in a myriad of opportunities. These services are strategically managed to tackle complex challenges and achieve new and innovative solutions for our clients.

Vision: VUU is a Premier Liberal Arts Urban Institution of Higher Education and Center of Excellence for the Preparation of Students and the Development of Leaders for Tomorrow's World.

Mission: To provide a nurturing intellectually challenging and spiritually enriching environment for learning; empower students to develop strong moral values for success; and develop scholars, leaders and lifelong learners of a global society.

Core Competencies

- Environmental Services
- Molecular Biology Services
- Computer Information Systems
- Logistical Communication
- Data Analytics
- Business Resources

Corporate Expertise

With 80 years of combined experience, our team provides a wide range of management, consulting and research services to organizations of all sizes. We work across various industries on multi-year projects at national, state, local, and regional levels to assist our clients in achieving their outcomes. Securing more than \$100 million in federal resources since 1999, our proficiency as a subcontractor shows our reliable services with a large capacity of resources, infrastructure and located in the center of the city's HUBzone map. A partial list of our past performance includes:
